DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 and 5-16 are allowed.

The references fail to teach, disclose, or suggest, either alone or in combination, pressing an intermediate conductive metal layer into the cavity and against the inner surface of the wall with a pressing means comprising a die and a punch, the punch adapted to drive the metal layer into the cavity and against the inner wall and the strands cooperating electrically with the metal layer upon insertion of the cable into the cavity and in combination with the rest of the limitations of the base claims.

Applicant's arguments (Pages 7-9) with respect to the combination of the Watts and Hamilton et al. references have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edwin A. León whose telephone number is (571) 272-2008. The examiner can normally be reached on Monday - Friday 10:00-6:30.
